DR. MARSHALL'S AROMATIC CATARRH AND Headache Snuff.

Fhis Swore has proved the most effectual remedial agent known to the MEDICAL FACULTY for Removing a Cold in the Head. The Headnche, & all Catarrial Affections. The Headache, & all Camprinal Affections.

It relieves the patient of Giddiness or Dizziness of The Head—of all WHIZZING OR BUZZING SENSATIONS, such as are produced by too great a flow and pressure of blood upon the brain, cures the licadache, and is the only agent known upon which you can rely with confidence for a COMPLETE, RADIOAL GURE of that most troublesome disease.

THE CATARRH. It cleanses, strengthens, and restores to healthy action all those organs, and membraneous pas-sages of the head, the obstruction of which' produces pain in the rongness and region of the ryes, a sort of snuffling in the Nose, a sense of matter dropping from the head into the throat,

All these it cures easily and speedily, and the Most Confirmed Cases of Catarri, t usually cures in A FEW MONTHS. It is also an unfailing cure for BLEEDING AT THE NOSE, if persevered in but a short time.

THE undersigned is habitants of Stow respectfully represent, that a neither signed by said lababitants of Stow was duly presented to the Solectmon of said Stow in March, 1999, praying them to lay out a Town way, from the School Lab e at Union Half in Stow and running at or near the dwelling house of Jonathan Johason, to interest with the South line of Jonathan Johason, to interest with the South line of Lab e at Union Half in Stow, that the Selectmon within one year since (to wit) on the sixth day of April last past, having given legal natice, viewel said road and declised the same dught to be laid out as prayed for, and on the said sixth day of April last past, having given legal natice, viewel said road and declised the same dught the currons, at Twente Octoors Dailer, it be laid out as prayed for, and on the said sixth day of April did lay out said roal as follows: Began at a stake and stone near the School Hause above named, flearer North 9 degrees West 20 rots and 50 rots.
